EDGE PROTECTORS

- Edge protectors offer you a secure and trouble-free transport of your goods, regardless packaging used
- Due to the cutting design the edge protector will fit on each shape of product, round or square.

PROTECTION FRAMES

- They protect goods against deforming, improve their ability to be stored and the stability of cardboard boxes and pallets while stored.

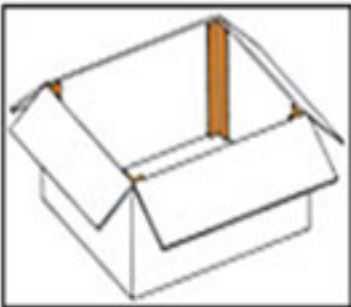

EDGE PROTECTORS FOR CORNERS

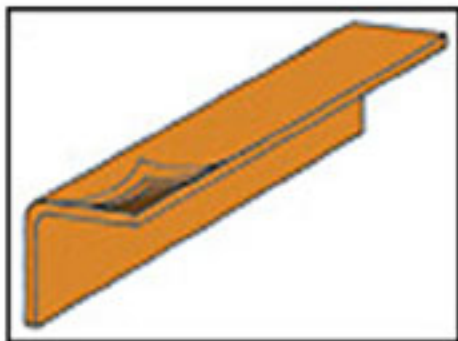

- Corners and edges of the transport goods will be safe against damage and safe while being rimmed

INNER EDGE PROTECTORS FOR CORNERS

- They stabilize cardboard boxes with heavy load against deforming and secure the cardboard boxes ability to be stacked.

Material

Different layers of Kraft Paper will be glued-together just as thick, as you want your cardboard box.

Kinds of paper

Kraft liner, wrapped cardboard and special papers.
